**We are ready for
reliable and long
term supplement
of polymeric raw
materials.**

About Us

Petro Nour Mehr is an international petrochemical trading company with a focus on polymeric materials and especially polyethylene. With an ambitious attitude, our goal is to be one of the biggest polymer traders in the world. To achieve this goal, we are ready to assist you at all times, by supplying your needed polymer material reliably and continuously, consulting and providing logistics and transportation and providing safe and easy ways to transfer money. Our specialists are prepared to answer any and all of your technical questions and help you find the grade you need. Here at Petro Nour Mehr, we aspire to provide you with the best customer experience by anticipating and exceeding your expectations.

Our dream at Petro Nour Mehr is to be the world-leading company at international trade of petrochemical products.

Our Mission

Here at Petro Nour Mehr, our mission is to provide the best and most convenient customer experience through:

- 1. Variety in products and suppliers worldwide**
- 2. Offering the best price**
- 3. Stable and reliable supplement of products**
- 4. Fast delivery of Products and services**
- 5. Providing Reliable Financial Solutions**

Our Values

We have faith in the power of knowledge and science. We endeavor to implement these beliefs through creativity, flexibility and learning. We see it as our responsibility to treat the world with kindness, respect, honesty and loyalty.

Our team appreciates the beauty in a job well done and is committed to create and provide services for our customers in the best way possible

Our Strategies

In order to accomplish and deliver what we promise in our mission statement we at Petro Nour Mehr:

1. Utilize our world-class team of professionals including staffs, suppliers and investors.
2. Are determined to have a flexible and creative attitude towards work in order to achieve high value added, unique and efficient service.
3. International marketing
4. Believe in a social responsibility to reduce our carbon footprint and give back to the society in any form we can. To achieve this, we provide educational material through all our social media for students and anyone willing to learn about the petrochemical industry and business.
5. Aim to deliver profits fairly to all beneficiaries.
